* - CTI PLC may be marked on individual board

DS - Double-Sided

Note - A triangle may be marked on those products within a given type designation that comply with direct support of current-carrying parts performance level requirements of UL 796. "All" is used to indicate that all base materials under that type designation comply with direct support of current-carrying parts performance level requirement of UL796.

SS - Single-Sided

Marking: Company name or trademark  or file number and type designation. May be followed by a suffix to denote factory identification or burning test classification.
